Mohammed Faizan Ansari

Java Developer

Pune, Maharashtra | faizan.ansari@example.com | +91 88XXX XX492

SUMMARY

Java developer with 3 years of experience building Spring Boot microservices for banking and insurance applications. Good with REST APIs, Hibernate, MySQL and writing proper unit tests. Looking for a role where I can work on larger distributed systems.

TECHNICAL SKILLS

Core: Java 8/11/17, OOP, Collections, Multithreading

Frameworks: Spring Boot, Spring MVC, Spring Security, Hibernate/JPA

Databases: MySQL, Oracle, MongoDB

Messaging and Tools: Kafka, Maven, Git, Jenkins, Docker, SonarQube, IntelliJ IDEA, Postman

Testing: JUnit 5, Mockito

Frontend (basic): HTML, CSS, Angular

EXPERIENCE

Software Developer , Ferncrest Technologies, Pune — Aug 2022 - Present

Client: A private sector bank (loan origination platform)

- Developing Spring Boot microservices for loan applications, document upload and eligibility checks.
- Wrote REST APIs used by the Angular web portal and the bank's mobile app.
- Used Kafka to publish application status events to the notification service.
- Sped up the eligibility check by adding indexes and rewriting JPA queries. Response time went from about 4 seconds to under 1 second.
- Keep unit test coverage around 80% with JUnit and Mockito and fix SonarQube issues before each release.
- Part of sprint planning, daily stand-ups and the production support rotation.

Associate Software Engineer , Ferncrest Technologies, Pune — Jul 2021 - Jul 2022

Client: An insurance company (policy servicing portal)

- Worked on the policy renewal and endorsement modules using Spring MVC and Hibernate.
- Wrote Oracle stored procedures for premium calculation reports.
- Fixed defects raised by QA and supported the client during UAT.
- Learnt the codebase quickly and took over a module from a senior developer within 4 months.

PROJECTS

Online Bus Reservation System (academic) - Java, JSP, Servlets and MySQL. Seat selection, booking and cancellation with email confirmation.

Chat Application (personal) - Spring Boot with WebSockets and a simple HTML front end, built to understand real-time messaging.

EDUCATION

B.E., Computer Engineering , Savitribai Phule Pune University, 2017 - 2021, First Class with Distinction (CGPA 8.1)

HSC , Abeda Inamdar Junior College, Pune, 2017, 78%

CERTIFICATIONS

Oracle Certified Associate, Java SE 8 Programmer

Spring Boot Microservices with Spring Cloud, Udemy

LANGUAGES

English, Hindi, Urdu, Marathi

HOBBIES

Football on weekends, following tech YouTube channels, cooking biryani for friends
