ADITYA VERMA

Business Analyst

Gurugram, Haryana | aditya.verma@example.com | +91 96XXX XX127

PROFESSIONAL SUMMARY

Business analyst with 4 years of experience in IT services and SaaS, working between business stakeholders and development teams. I write BRDs and user stories, run requirement workshops, and know enough SQL and Power BI to answer most questions without waiting for the data team.

CORE SKILLS

Requirement gathering, BRD and FRD writing, user stories and acceptance criteria, process mapping (BPMN, Visio), gap analysis, UAT, Agile/Scrum, stakeholder management, SQL, Power BI, advanced Excel, Jira, Confluence

EXPERIENCE

Business Analyst , Tessellate Software Pvt. Ltd., Gurugram Sep 2021 - Present

- BA for an HR and payroll SaaS product used by mid-size companies. I own the leave and attendance modules.
- Run requirement workshops with client HR teams and turn them into user stories with acceptance criteria in Jira.
- Created as-is and to-be process maps for the attendance regularisation flow. Support tickets for that flow dropped noticeably after the release.
- Write SQL queries on the reporting database to confirm data issues before raising defects.
- Built Power BI dashboards for product managers showing feature usage and ticket trends.
- Plan and coordinate UAT with clients, and track defects and sign-offs.

Associate Business Analyst , Meridian IT Services, Noida Jul 2020 - Aug 2021

- Supported the senior BA on a warehouse management system implementation for a retail client.
- Documented FRDs, prepared wireframes in Balsamiq and maintained the requirement traceability matrix.
- Prepared weekly status reports and minutes of meetings for the client.
- Sat with warehouse supervisors for a week to document how goods receiving actually worked on the floor.

EDUCATION

MBA (Information Technology and Marketing) , Symbiosis Institute of Computer Studies and Research, Pune 2018 - 2020

BCA , Guru Gobind Singh Indraprastha University, Delhi 2015 - 2018

CERTIFICATIONS

ECBA (Entry Certificate in Business Analysis), IIBA, 2021

Certified Scrum Product Owner (CSPO), 2022

Microsoft Power BI Data Analyst (PL-300), 2023

ACHIEVEMENTS

- Client Champion award at Tessellate for handling the go-live of a 3,000-employee client.
- Trained two new BAs on writing user stories and running UAT.
